# Download the RideCRT Mobile App!

**The RideCRT bus tracker app makes it easier to ride the bus!** It uses GPS to show the live location of the bus on its route. It also allows you to see the estimated time of arrival, and set reminders so you don't miss the bus.

Download the free Ride Systems app from your app store and enter Cedar Rapids Transit as your transit agency. You can also view the mobile app online at [www.ridecrt.com](http://www.ridecrt.com).

When using our app, you should still arrive at your stop a few minutes before the estimated arrival time. Please check RideCRT more than once to make sure the route isn't running faster or slower than when you last checked.

## DELAYS

There are times when we will experience route delays beyond our control such as road construction, trains, inclement weather, accidents, etc. Please be aware that the mobile app may not be able to predict accurate arrival times and may not be able to show the bus on the app map.

# Don't have a smart phone? TRACK THE BUS BY TEXT!

Cedar Rapids Transit Bus Tracker can give you estimated arrival times by text message\* with RideCRT Bus Tracker by Text.

*\*works on most mobile phones*
